The Plan Trustees
 General Communication, Inc. Qualified
 Employee Stock Purchase Plan

We have audited the accompanying statements of net assets available for benefits for General Communication, Inc. Qualified Employee Stock Purchase Plan as of December 31, 2005 and 2004, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with generally accepted auditing standards as established by the Auditing Standards Board (United States) and in accordance with the auditing standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of General Communication, Inc. Qualified Employee Stock Purchase Plan as of December 31, 2005 and 2004, and the changes in its net assets available for benefits for the years ended December 31, 2005 and 2004, in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule H, line 4i - schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

GENERAL COMMUNICATION, INC.
QUALIFIED EMPLOYEE STOCK PURCHASE PLAN
Notes to Financial Statements

(1) Description of Plan
The following description of the General Communication, Inc. Qualified Employee Stock Purchase Plan ("Plan") provides general information only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of General Communication, Inc. ("GCI") and affiliated companies (collectively, the "Company") who have completed one year of service, as defined in the Plan document. GCI and the Company are parties-in-interest.

Contributions

The Plan provides for a qualified cash or deferred arrangement as defined in Section 401(k) of the Internal Revenue Code of 1986

("Code"). A participant may elect the following methods to make employee contributions:

- (1) Salary Reduction Contributions which will not be included in the participant's current earnings for federal income tax purposes but rather are taxable upon distribution, or
- (2) Non-qualified Voluntary Contributions ("after-tax contributions") which will be included in the participant's current earnings for federal income tax purposes and are not taxable upon distribution.

Eligible employees of the Company may elect to reduce their compensation in any amount up to 50% of such compensation subject to a maximum of \$14,000 and \$13,000 in 2005 and 2004, respectively; they may contribute up to 10% of their compensation with after-tax dollars; or they may elect a combination of salary reduction and after-tax contributions.

The combination of salary reduction, after-tax, forfeited and matching contributions cannot exceed the lesser of 100% of any employee's compensation (determined after salary reduction), or \$42,000 and \$41,000 for 2005 and 2004, respectively. Compensation considered for all Plan purposes is subject to a compensation ceiling of \$210,000 and \$205,000 in 2005 and 2004, respectively. Eligible employees were allowed to make catch-up contributions of no more than \$4,000 and \$3,000 in 2005 and 2004, respectively. These catch-up contributions are not eligible to receive employer-matching contributions.

The Plan allows 100% matching, as determined each year by the Company's Board of Directors, of employee contributions in GCI Class A and Class B common stock regardless of how the contribution is invested. No more than 10% of any one employee's compensation will be matched in any pay period.

Matching amounts contributed to the Plan by the Company are not taxed to the employee until distribution upon retirement, hardship, disability, death or termination of employment. Plan earnings are taxable to the employee either upon distribution or, in the case of GCI common stock distributions, upon eventual disposition of the stock.

GENERAL COMMUNICATION, INC.
QUALIFIED EMPLOYEE STOCK PURCHASE PLAN
Notes to Financial Statements

Company matching contributions made to the Plan are initially invested in GCI Class A or Class B common stock. After each matching contribution is deposited to a participant's account in GCI Class A and Class B common stock the contribution may be transferred to another available Plan investment at any time.

Participant Accounts

Each participant account is credited with the participant's contributions, employer matching contributions and allocations of Plan earnings. Plan earnings are allocated on a daily basis, based upon the number of shares held by each participant account.

Vesting

A participant's interest in his or her Salary Reduction Contributions and Non-qualified Voluntary Contributions is always fully vested and is not subject to forfeiture.

The participant's interest in the Company matched portion of their account ("Matching Account") is vested based upon years of service with the Company (as defined in the Plan document), in accordance with the following schedule:

Years of Service	Vested Percentage
Less than 1	0%
1 or more but less than 2	20%
2 or more but less than 3	30%
3 or more but less than 4	45%
4 or more but less than 5	60%
5 or more but less than 6	80%
6 or more	100%

Any portion of a participant's account which is forfeitable shall be forfeited on the earlier of the date a terminated participant receives a distribution or the date on which the participant experiences five consecutive one-year breaks in service (as defined in the Plan document).

A participant's interest in their Matching Account fully vests without regard to the number of years of service when the participant, while still employed: (i) attains Normal Retirement Age (as defined in the Plan document) and retires under the terms of the Plan; (ii) dies; or (iii) becomes totally and permanently disabled. A participant's interest in their Matching Account fully vests upon the termination or partial termination of the Plan or upon complete discontinuance of Company contributions.

If a participant terminates participation for any reason other than attainment of Normal Retirement Age and retirement, death or disability while any portion of his or her account in the Plan is forfeitable, and receives a distribution of his or her vested account balance attributable to Company matching contributions not later than the close of the fifth Plan year following the Plan year in which participation terminated, then upon becoming an eligible employee, the participating employee will have the right to repay the distribution to the Plan in accordance with Plan provisions. The shares of that participating employee's account previously forfeited will be restored.

7

(Continued)

GENERAL COMMUNICATION, INC.
QUALIFIED EMPLOYEE STOCK PURCHASE PLAN
Notes to Financial Statements

Forfeitures

If a participating employee terminates participation for any reason other than attainment of Normal Retirement Age and retirement, death or disability, that portion of his or her account attributable to Company matching contributions which has not vested will be forfeited. All forfeited amounts are used to reduce future Company matching contributions. During 2005 and 2004, employer contributions were reduced by \$160,000 and \$132,000, respectively, from forfeited nonvested accounts. At December 31, 2005, \$138,000 had been forfeited but had not yet been used to reduce the Company's matching contribution.

Participant Loans

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the portion of their account balance comprised of participant contributions and earnings upon such contributions. Loan transactions are treated as a transfer to (from) the appropriate investment fund (from) to the participant's loan. Loan terms range from one to five years. Loans are secured by the vested balance in the participant's account and earn interest at a fixed rate calculated at the loan date. The fixed rate is calculated using the prime rate reported in the Wall Street Journal at the loan date plus two percent. Principal and interest are paid ratably through semi-monthly payroll deductions.

(2) Summary of Significant Accounting Policies

The Plan financial statements are based on the accrual method of accounting in accordance with generally accepted accounting principles. Plan investments are stated at fair value.

In preparing the financial statements, the Plan administrator is required to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statements and additions and deductions to (from) net assets for the period. Actual results could differ from those estimates and assumptions.

At December 31, 2005 the fair values of GCI Class A common stock, Comcast Corporation Class A common stock, and AT&T Corporation common stock are based on the average of the bid and ask prices during the day as listed on the National Association of Securities Dealers Automated Quotation (NASDAQ) National Market System. At December 31, 2005 the fair value of GCI Class B common stock is based on the average of the bid and ask prices listed on the Over-the-Counter market Bulletin Board system. GCI Class B common stock is convertible share-for-share into GCI Class A common stock. Mutual fund investments are carried at fair value, as determined by individual fund management, based upon quoted market prices.

8

(Continued)

GENERAL COMMUNICATION, INC.
QUALIFIED EMPLOYEE STOCK PURCHASE PLAN
Notes to Financial Statements

The Common/Collective Trust invests primarily in money market instruments and guaranteed investment contracts. The Plan's ownership in the Common/Collective Trust is carried at fair value based on the investment's net asset value per unit. Money market instruments are

valued at amortized cost. The investment contracts in the Common/Collective Trust with benefit responsive features are carried at cost plus accrued interest. Synthetic investment contracts are stated at the contract book value which approximates amortized cost.

Net appreciation and net depreciation in the current value of investments includes realized gains and losses on investments sold or disposed of during the year and unrealized gains and losses on investments held at year end. Investment income is recorded when earned.

Pending Settlements represent the value of sold or purchased securities during the three-business day settlement period.

Purchases and sales of securities are recorded on a trade-date basis.

- (3) Administration of Plan Assets
Merrill Lynch is the Plan's recordkeeper and asset trustee. Administrative expenses related to the Plan of \$18,000 and \$17,000 for the years ended December 31, 2005 and 2004, respectively, are paid directly by the Company to the recordkeeper and asset trustee. The asset trustee charges trade fees for all transactions in common stock investments. Trade fees for mutual fund investments, if any, are described in each fund's prospectus. Company employees provide administrative support to the Plan but no employee receives compensation from the Plan.
- (4) Amendment or Termination
The Company's Board of Directors has reserved the right to amend or terminate the Plan. No amendment may reduce the accrued benefits of any participant or give the Company any interest in the trust assets of the Plan. In the event of termination of the Plan, a participant with respect to the Plan becomes fully vested in his or her Matching Account.
- (5) Investments
Investment choices offered to Plan participants at December 31, 2005 were as follows:

Common Stock:

- o GCI Class A and Class B
- o AT&T Inc.
- o Comcast Corporation

Mutual Funds:

- o AIM International Growth Fund
- o AIM Mid Cap Core Equity Fund
- o Alger Large Cap Growth Institutional Fund

	\$ (3,752)	14,337
	=====	=====

</TABLE>

- (6) Discontinued Common Stock Investments
The following common stock investment choices were discontinued during the year ended December 31, 2004:
- o WorldCom - this common stock was cancelled and rendered null and void by WorldCom on April 20, 2004.
 - o MCI Group - WorldCom, Inc. - this common stock was cancelled and rendered null and void by WorldCom on April 20, 2004.
 - o AT&T Wireless Corporation - on October 26, 2004 Cingular Wireless LLC merged with AT&T Wireless Services, Inc. All AT&T Wireless Corporation stock held by participants in the Plan was converted to cash and invested in the Merrill Lynch Retirement Preservation Trust.

- (7) Changes in Net Assets of Non-participant Directed Investments
Company matching contributions made to the Plan are initially invested in GCI Class A and Class B common stock and prior to April 1, 2004, were non-participant directed investments. Beginning April 1, 2004, the Plan has only participant directed investments. After each matching contribution is deposited to a participant's account the contribution may be transferred to another available Plan investment at any time.

	Non-participant directed investments at December 31, 2003	\$ 8,946
	Contributions	6,489
	Net depreciation	3,194
	Interest income	29
	Employee withdrawals	(821)
	Net transfers to participant directed investments	(17,837)

	Non-participant directed investments at December 31, 2004	\$ ---
		=====

</TABLE>

(8) Income Taxes
The Plan is qualified under Section 401(a) of the Code pursuant to favorable tax determination letters dated December 9, 1987, March 8, 1988, March 13, 1996, February 23, 2001, and June 25, 2002 obtained from the Internal Revenue Service. Although the most recent tax determination letter received by the Plan Sponsor does not yet reflect recent changes made to the Plan, the Plan Administrator believes the Plan is currently designed and is operated in compliance with the applicable requirements of the Code. The trust established pursuant to the Plan is, therefore, exempt from taxation under Section 501(a) of the Code.

(9) Reconciliation of Financial Statements to Form 5500
The following is a reconciliation of net assets available for plan benefits per the financial statements to the Form 5500 (amounts in thousands):

Notes to Financial Statements

(10) Risks and Uncertainties
The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.
